## SCHEDULE OF BENEFITS

This Schedule of Benefits lists the **deductibles, copayments** if any, which apply to the **eligible health services you** get under this plan. **You** should read this schedule to become aware of these and any limits that apply to the services.

### How To Read Your Schedule of Benefits

- **You** must pay any **deductibles, copayments** if they apply.
- **You** must pay the full amount of any health care service **you** get that is not a **covered benefit**.
- This plan has limits for some **covered benefits**. For example, these could be:
  - Visit limits
  - Day limits
  - Dollar limits

### IMPORTANT NOTE:

All **covered benefits** are subject to the **calendar year deductible, maximum out-of-pocket limit, copayments** or **coinsurance** unless otherwise noted in this Schedule of Benefits below.

### How Your Deductible Works

This Schedule of Benefits shows the **deductible** amounts that apply to **your** plan. Once **you** have met **your deductible**, **we** will start sharing the cost when **you** get **eligible health services**. **You** will continue to pay **copayments** or **coinsurance**, if any, for **eligible health services** after **you** meet **your deductible**.

### How Your PCP Or Physician Office Visit Cost Share Works

**You** will pay the **PCP** cost share when **you** get **eligible health services** from the **PCP you** select. **You** will pay the **specialist** cost share when **you** get **eligible health services** from a network **PCP** that is not **your PCP**. If **you** did not select a **PCP you** will pay the **specialist** cost share for **eligible health services** from any network **PCP** or network **specialist**.

### How Your Maximum Out-Of-Pocket Limit Works

This Schedule of Benefits shows the **maximum out-of-pocket limits** that apply to **your** plan. Once **you** reach **your maximum out-of-pocket limit**, **your** plan will pay for **eligible health services** for the remainder of that year.

#### Maximum Out-Of-Pocket Limit

Maximum Out-Of-Pocket Limit	In-Network
Individual	\$0
Family	\$0

### General Coverage Provisions

This section explains the **deductible**, **maximum out-of-pocket limit** and limitations listed in this schedule.

#### Deductible Provisions

- **Your deductible** may apply to **eligible health services** provided under the medical plan and the outpatient **prescription drug** plan.
- The **deductible** may not apply to certain **eligible health services**. **You** must pay any applicable cost share for **eligible health services** to which the **deductible** doesn't apply.

#### Individual Deductible

**You** pay for **eligible health services** each year before the plan begins to pay. This individual **deductible** applies separately to **you** and each covered dependent. Once **you** have reached the **deductible**, this plan will begin to pay for **eligible health services** for the rest of the year.

#### Family Deductible

**You** pay for **eligible health services** each year before the plan begins to pay. After the amount paid for **eligible health services** reaches **your family deductible**, this plan will begin to pay for **eligible health services** for the rest of the year.

To satisfy this family **deductible** for the rest of the year, the combined **eligible health services** that **you** and each of **your** covered dependents incur towards the individual **deductible** must reach this family **deductible** in a year.

When this happens in a year, the individual **deductibles** for **you** and **your** covered dependents are met for the rest of the year.

## IMPERIAL INSURANCE COMPANIES

### Deductible Credit

If **you** paid part or all of **your deductible** under other coverage for the year that this plan went into effect, **we** will deduct the amount paid under the other coverage from the **deductible** on this plan for the same year. If **we** ask, **you** must submit a detailed explanation of benefits (EOB) showing the dates and amount of the **deductible** met from the other coverage in order to receive the credit.

### Maximum Out-Of-Pocket Limit Provisions

- **Eligible health services** that are subject to the **maximum out-of-pocket limit** may include **covered benefits** provided under the medical plan and the outpatient **prescription drug** plan.
- This plan may have an individual and family **maximum out-of-pocket limit**. As to the individual **maximum out-of-pocket limit**, each of **you** must meet **your maximum out-of-pocket limit** separately.

### Individual Maximum Out-Of-Pocket Limit

Once **you** or **your** covered dependents meet the individual **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered benefits** that apply toward the limit for the rest of the year for that person.

### Family Maximum Out-Of-Pocket Limit

Once **you** or **your** covered dependents meet the family **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered benefits** that apply toward the limit for the remainder of the year for all covered family members.

To satisfy this family **maximum out-of-pocket limit** for the rest of the year, the following must happen:

- The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members
- The family **maximum out-of-pocket limit** is met by a combination of family members
- No one person within a family will contribute more than the individual **maximum out-of-pocket limit** amount in a year

If the **maximum out-of-pocket limit** does not apply to a **covered benefit**, **your** cost share for that **covered benefit** will not count toward satisfying the **maximum out-of-pocket limit** amount. Certain costs that **you** incur do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-covered services
- Any out of pocket costs for non-emergency use of the emergency room
- Any out of pocket costs incurred for non-urgent use of an urgent care **provider**
- Amounts received from a third-party **copay** assistance program, like a manufacturer coupon or rebate, for a **specialty prescription drug**

### Your Financial Responsibility And Decisions Regarding Benefits

**We** base **your** financial responsibility for the cost of services on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of **stays** that occur in more than one year. Decisions regarding when benefits are covered are subject to the terms and conditions of the **Policy**.
